Easement. A perpetual easement and right of way which is 20 feet wide as shown in Exhibit A (the "Easement") for purposes of continuing diligence (including surveying and environmental diligence), constructing, installing, maintaining, operating, inspecting, and protecting the pipeline and appurtenant facilities (including communication service equipment for the operation of Grantee's pipeline and facilities) for the transportation of biogas and natural gas, through lands which are owned by Grantor located all or in part of the Township of Whites Creek, Bladen County, North Carolina, and described as follows:

During times of pipeline construction, diligence (including surveying and environmental diligence), Grantee shall not enter upon the surface of the Grantor's lands and all construction shall take place with subsurface boring methods. No surface access or use to said lands is granted via this easement unless the subsurface boring distance exceeds constructability limits at which point Grantee permits access to an area (~40' x 40') to complete the pipeline construction and/or repairs.

Grantor's Right of Possession. Grantor may fully use and enjoy Grantor's Land in any way (including typical farming) that does not interfere with Grantee's rights granted under this Agreement.

Grantor represents, warrants and covenants that (i) it is the lawful owner of Grantor's Land and has the right to convey the rights set forth herein; (ii) Grantor's Land is free from all encumbrances, except for encumbrances of record, and contains no substances or materials which would cause or threaten impairment to human health or the environment; (iii) Grantee shall have quiet enjoyment hereunder; and (iv) should the depiction of Grantor's Land in Exhibit A for any reason prove incorrect or inadequate to cover the land intended to be conveyed, Grantor agrees to execute such instrument(s) that may be necessary to correct the inadequacy.

Abandonment. Grantee agrees in the event of complete non-use of the pipeline by Grantee or its successors or assigns for a period of five consecutive years following commercial in-service, the Easement shall be considered abandoned. Grantee shall furnish at its expense, upon receipt of written request from Grantor, a release of the Agreement. In this event, Grantee shall, in its sole discretion, have the right to abandon its facilities in-place or remove them from Grantor's Land. The time during which Grantee fails to use its facilities due to: (i) authorized acts or orders of federal, state or local government; or (ii) strikes, shall not be included in calculating the five year period for abandonment.
